

## Sentence frames

### *Support Description*

Sentence frames are given to students to help them structure their thoughts in English. Each frame is made of a mostly completed sentence and one or more blank spaces. Students need to fill in the blanks with their own ideas. The same sentence frame can apply to multiple characters, settings, etc. in the text.

Huck goes to \_\_\_\_\_, so that \_\_\_\_\_. He sees Injun Joe \_\_\_\_\_. Now Huck feels \_\_\_\_\_.
